

Workshop Theme

Maritime Education and Training – Looking into the Future

This workshop is sponsored by the European Union (EU) to support a new EU funded project MariePRO. The workshop is expected to bring professionals from across Europe into contact with seafaring professionals in the UK. The sponsoring organisation, C4FF, will also discuss the funding opportunities for new projects and how MariePRO could be supported in the future.

The workshop will be in three sessions to discuss three relevant and interrelated topics.

Sessions:

1. IMO STCW and current practices
2. Deficiencies in Maritime Education and Training
3. Attracting Young People into Seafaring Profession

A free buffet dinner will be served with a choice of drinks and beverages.
